

M-STOR PORTAL IE comptatibility mode

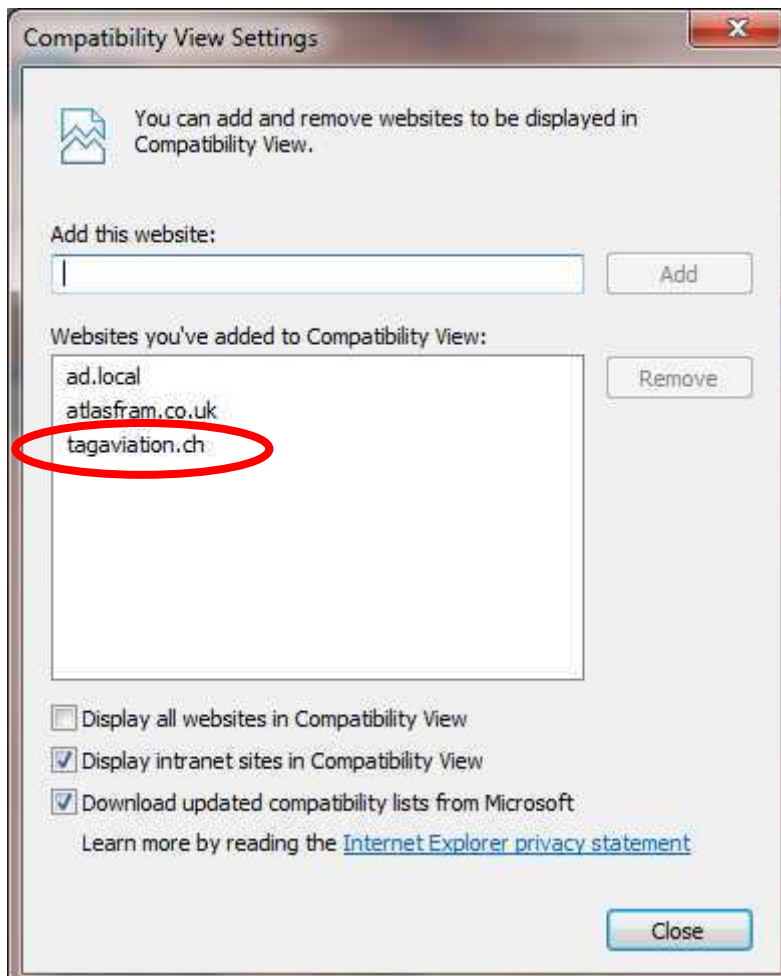

IT USER MANUAL

DESCRIPTION

Microsoft has made a lot of changes in Internet Explorer 9/10/11 and here. To be able to access the M-Stor portal you have to enable the compatibility mode in your IE browser.

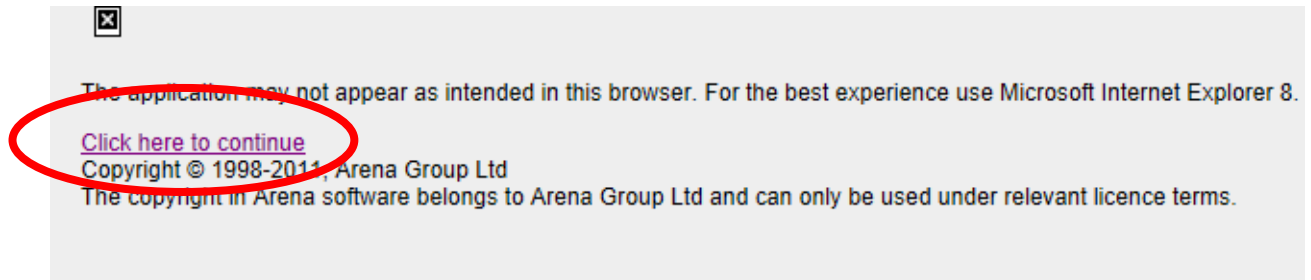

Internet Explorer 9/10 :

Go to TOOLS / Compatible view settings or click on  and go to Compatible View Settings you should see the window below and the TAG Aviation M-Store website URL should be listed below on the users laptop. If not it needs Adding.

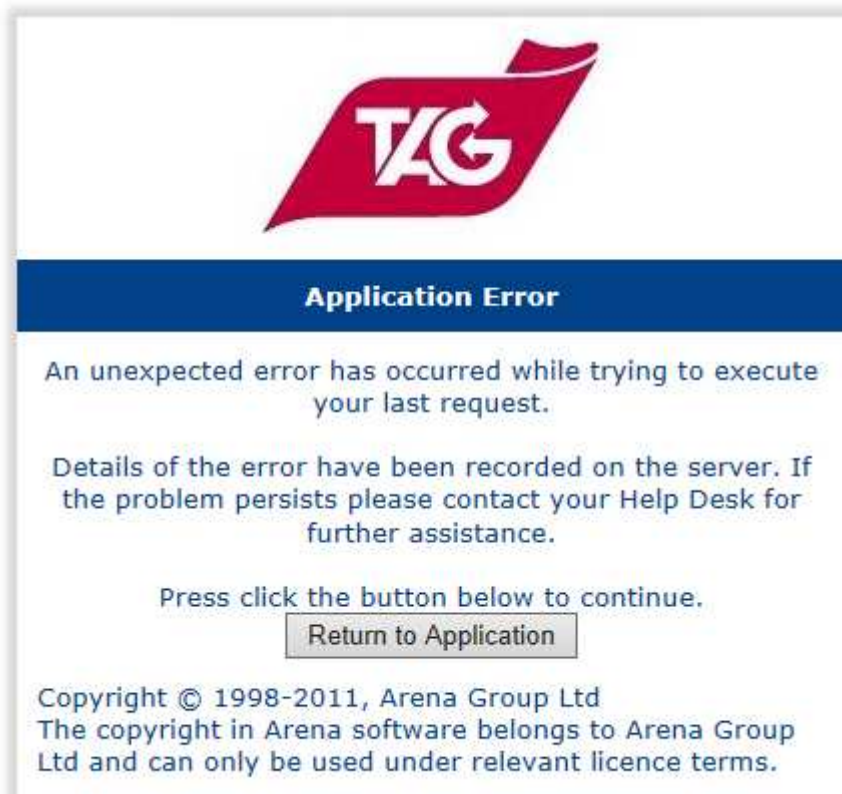

Internet Explorer 11 :

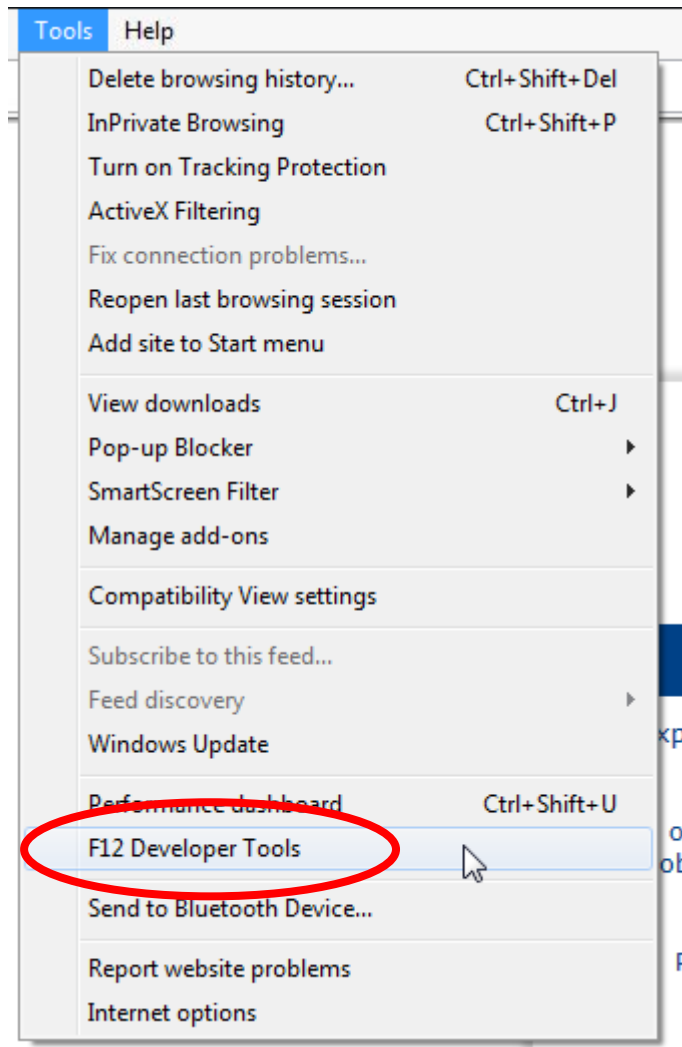

You should have this following error message

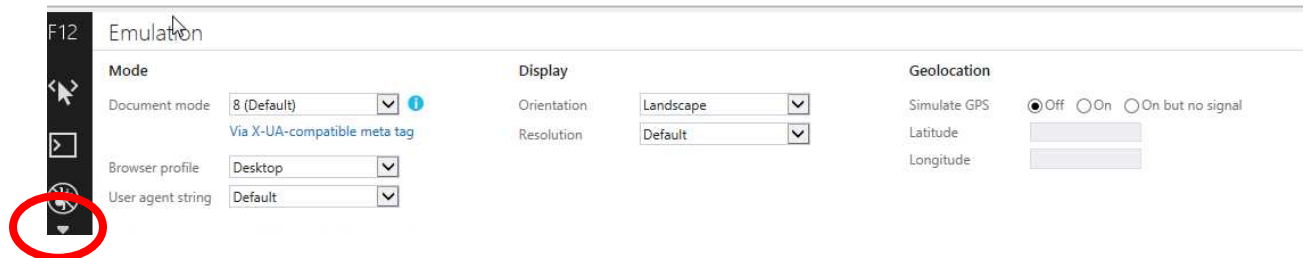

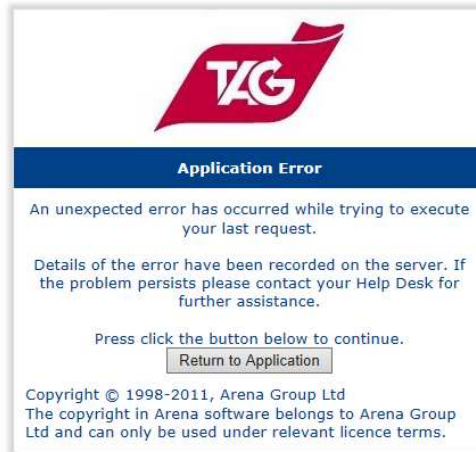

“Click here to continue”

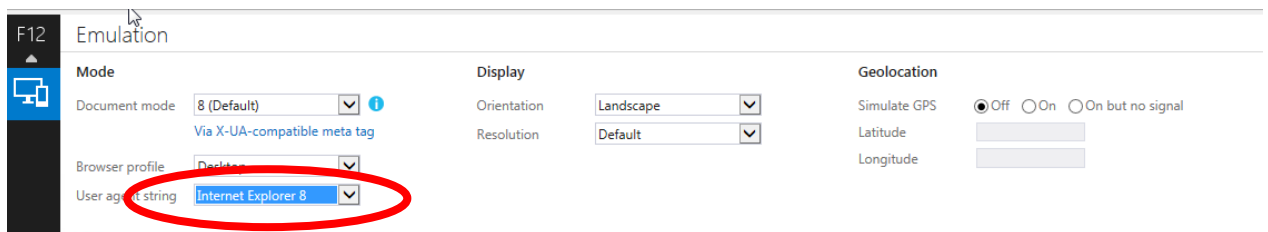

Then press “F12” or go on “Tools” and “F12 Developer Tools”

And you will see a new windows:

Click on the arrow on the left bottom corner and go on the section "Emulation" and choose in the "User Agent String" the option "Internet Explorer 8"

After this changes you need to enter the login infos again and then you have access to the Aircraft Management Invoices Application
